LOR for Leanne Meeks  
Educator For Naples Classical Academy

To whom it may concern,

Leanne Meeks has worked with both my wife and I in various capacities over the last year. We have seen her diligent and attentive attitude, always seeking to improve the environment around her. Always willing to reach out and go further than others, to help and be effective. And it is a breath of fresh air to have worked with her.

Earlier this school year she was given a Kindergarten class to teach, she took on several other tasks on her own, even volunteering to take all staff photos with her own equipment, proving our view of her, as a resolute and strong performer in whatever she takes on.

If you need someone who can take her tasks seriously, take ownership of the materials and responsibilities given to her, and still find energy to fulfil other needs in an effort to make things smoother and better, Leanne Meeks is the person you're looking for. A rare gem indeed and an asset to anyone looking for a high caliber individual to hire.

If you would like additional information about Leanne Meeks, feel free to call me at (239)-734-3299.

Sincerely,
